

Youth Service Art Competition

We're excited to announce that we have received funding for a Mobile Youth Provision funded through the Shared Prosperity fund. This will be a cool new youth bus that's coming to your community!

The best part? You get to help design it!

Young people like you will have a say in naming the bus and deciding how it looks inside and out. You'll also help choose the activities and services that will be on board. This means the bus will be created just for you, with things you really want to see! By bringing the bus to different places, we hope to make it easier for you to get involved and have fun, no matter where you live. It's all about giving you a space to grow, connect with others, and try new things in a safe and welcoming environment.

If you would like to take part in this exciting project please fill your details in below and get designing. The competition will take place across all young people services in Wrexham and the the winning designs will be used on the bus.

Name of Service:

Draw a picture that represents what a mobile youth bus would mean to you!

Two large, empty rectangular boxes with dashed black borders, intended for a child to draw their representation of a mobile youth bus.

Help us name the bus,
What would you like it to be called?

A horizontal rectangular box with a dashed black border, intended for a child to write the name of the bus.
